Work Experience

BitTitan, UX Designer Intern

October–December 2015, Kirkland, WA

- One of the 1st designers. Owned & redesigned the outbound cold calling software SalesAutomation.
- Followed the User-Centered Design process: user interviews and observations, personas creation, ideation, prototyping, and user testing.
- Brought UX methods to product development, and improved collaboration between teams.

SixDoors, Web Developer

May 2013–May 2014, San Francisco, CA

- In charge of the development and support of SixDoors’s web apps: webstore, courier, and seller apps. Used EmberJS, and Ruby on Rails.
- Joined the company before public launch and took part in many decisions, consumers and partners support, deliveries.

BitTitan, Software Developer Intern

June–September 2015, Kirkland, WA

- Designed and built a graph visualization to make call centers scripts creation and visualization 10x more efficient and error proof.
- Led to a UX Designer Intern position as one of BitTitan’s first Designers.

Kreative, Web Developer Intern

June–August 2012, Lyon, France

- Developed a mobile web app for a national French newspaper to be used on iPhone, iPad and Android devices.

Main Projects

Adminca, Admin panel as a service

September 2015–present, Seattle, WA

- Designed and developed an easy to setup and use interface as a service for developers and non-technical people.
- Followed a lean startup approach: user interviews, MVP, rapid iterations. Used by startups and mobile agencies around the world: 500 signups in two months, 150 weekly users.

CityDomination, Multiplayer mobile game

September 2011–December 2012, Lyon, France

- Co-founder, designer, and developer. 1,000 downloads in the first month, featured in local newspapers and TV channels.
- Later acquired by MobInLife.
